About Me

Full-stack developer who is a fast learner, a hard-working individual and a team player with a creative mind set for problem solving. A developer that does not back down from any challenge that is put forward. My superior focus and attention to detail combined with my knowledge of HTML5, CSS, Javascript, Ruby, Ruby on Rails, jQuery, SQLite/PostgreSQL makes me an ideal team member. I am able to prioritize the ability to adapt and address challenges quickly and creatively.
